### Example of a complete response:

Title: Harry Potter and the Sorcerers Stone

Author: J.K. Rowling

Date: September 2, 2008

Harry Potter and the Sorcerers Stone is a fantasy book. I know it is fantasy because there are many things that happen in the story that can not happen in real life. One way I know it is fantasy is the people in their photographs move. I also know it is fantasy because they play a game called Quidditch where they fly around on broomsticks.
